SOFT SKILLS

Honest, sense of humor, possibly crazy.
Artistic, striving for excellence without losing sight of priorities.
Motivated, a bit competitive, eager to learn, love to collaborate.
Independent, resilient, performs well in a deadline environment.
Organized and reliable (I also make those deadlines).
Able to listen, knows how to give and receive feedback.
Aware of technological developments, always looking for process
improvements. Dedicated, but careful to maintain a good work-life
balance (there should always be time for baking pie and Netflix).
